Skating Field Trips

Our Leadership Club recently raised funds from an ice cream sale. They are putting some of the money earned towards busing costs. Our PAC is also contributing busing costs, so there is no fee for students to participate. Classes are pairing up and going together. Some may be booking after the New Year. Some students require skates and we typically borrow skates from the Quesnel Ringette Association. This is only for students who don't have their own skates as the Ringette Association has a limited collection. The Ringette Association has moved into the new arena and their skates are currently in storage. They intend on moving the skates in as early as this week. Trips planned to the arena may have to be postponed until we have access to these loaner skates. We'll notify parents of any trips that get postponed.

Thank-you to our Leadership Club, our PAC, and The Quesnel Ringette Association!

Winter Fun Day

On December 22nd, we are planning a Winter Fun Day with Kersley Elementary. The activities will run between recess and lunch and will include sledding, snowshoeing, snow building, and more. Our PAC is providing hot chocolate for all students. This is all weather dependent as we need more snow to make it happen. If we don't have enough snow, we'll re-schedule it for the New Year.

Also on this day, our PAC is hosting a noon hour hot dog luncheon fundraiser, and a visit with Santa in the afternoon. What a great way to end the year and begin the holidays.

From the left, grade seven students learning the art of sewing with a classroom project. Logan showing his star creation that he made in Mrs. Bridgen's class, and a group of students in Mrs. Kostaskey's class are busy making their elf traps!
